User-Friendly Mail Assembly Solution

Versatile, Intuitive and Productive

The DS-64i folder inserter can accommodate a wide range of documents, inserts and business reply envelopes (BRE) making it the ideal choice for a variety of applications and office environments. The DS-64i combines unparalleled ease-of-use with advanced technology. The intuitive color touch screen control panel prompts the operator through each step of job setup and operation. Quadient Remote Assistance enables folder inserter diagnostics and operator support to increase mail assembly productivity.

Easy Operation

The color touch screen display and automatic job setup make the DS-64i exceptionally easy to use. Simply load envelopes and documents and the DS-64i will adjust all settings automatically and even save them to the memory for instant recall. And, with automatic adjusting feeders, it can't get any easier.

Multi-Page Processing

Efficiently and accurately assemble and process multi-page sets. The internal CIS scanner reads inserter control codes (OMR, OCR or BCR) which can be printed nearly anywhere on the document, providing you hours of time savings and getting your mail out faster.

The DS-64i Can Be Custom Configured

Increase Processing Efficiency
- A single multi-functional feeder
- An intuitive easy-to-use control panel

Prepare Invoices and Statements
- Two multi-functional feeders
- Finished envelope side exit
- Store and recall up to 50 jobs

Easily Create Marketing Mail
- Crisply fold up to 8 pages
- Load 1,200 inserts or 325 BREs with optional MaxiFeeder

Add Business Reply Envelopes
- Feed sheets, inserts or BREs
- High-capacity vertical stacker
- Automate multi-sheet documents

Business Impact

Revenue Growth
Maximize opportunities to better communicate with customers

Risk Mitigation
Ensure that every recipient receives the right mailpiece

Customer Engagement
Create your own professional looking mailpieces

Expense Control
Maximize productivity thanks to ease of use and speed

DS-64i

1. High-Capacity Vertical Stacker
Preserves printing order and holds up to 500 finished envelopes so operators spend less time unloading

2. Touch Screen Display
7" color graphical interface with wizard-based programming makes operation simple and intuitive

3. Feeder Linking
Continuous operation is achieved by linking feeders. If one feeder runs empty, another one automatically takes over, allowing you to refill as needed until your job is complete

4. Envelope Hopper
150-envelope capacity with on-the-fly reloading

5. Automatic Collator
Collate and fold up to 8 pages together

Processing Flexibility

DS-64i's FlexFeed function allows you to process all document formats (inserts, documents and business reply envelopes, etc.). Additionally, the "Daily Mail" function even allows hand feeding of multi-page stapled document sets.

Efficient Processing

Load the feeders, and the DS-64i will accurately assemble the documents, fold, insert and even seal the finished envelopes, all in one quick process. The high-capacity envelope stacker is designed to improve accessibility and unloading of envelopes on the fly.

Specifications	
Processing speed	Up to 2,000 envelopes / hour
Folding capacity	Up to 5 sheets 20 lb. single fold
Multi-document feeding	Up to 3 documents
Monthly volume	15,000/month
7" Color touch screen	Standard
FlexFeed® feeders	Standard
